

## Doing Business in a Post-Pandemic Environment

It seems the entire financial ecosystem is being rocked as banks and credit unions around the world deal with the impact of COVID-19, and it's more important than ever to adjust your business model and how we re-shape the workplace. From bringing employees back to the workplace, providing service to meet new customer expectations, to adjusting budgets and business models, business as normal is anything but normal.

We have compiled a tool-box of products and approaches to help address and overcome the challenges of our changed business environment:

### Sterilization & Protective Products:

- Plasma Ion Currency Sterilizers developed to sterilize bills while being counted
- ATM Cleaning Wipes created specifically for cleaning ATM Anti-Glare Screens
- Anti-Microbial Drive-Thru Canisters

### Self-Service ITM Technology in the Hyosung 8300 Family of ITMs:

- Offers true core-connectivity allowing for 93% self-service transactions
- Offers contactless transactions
- Completely configurable to meet banks needs
- Consistent platform across form factors can be configured as cash dispensers, full-function ATMs, or recycling ATMs
- Flexible platform provides an upgrade path as a Financial Institution needs evolve

### Lease Offerings on New Equipment Purchasing:

- Preserves cash and credit lines & eliminates capital constraint issues
- Provides predictable monthly payments that can be classified as an operating expense
- Can move a depreciating asset to a balance sheet expense
- Places your organization in the best position for time technology refresh
- Mitigates technology end-of-life risks and costs

### All-Inclusive Maintenance Contracts

- One annual invoice, excluding vandalism or Acts of God, provides easier budgeting

### ManagedSource for Remote ATM Monitoring and Management

- Remotely manages ATM/ITM fleet
- Reduces maintenance visits
- Keeps OS patching current
